The Scottish Geodiversity Forum has great pleasure in inviting you to
Fossil Five Awards – Scotland's Favourite Fossils
Tuesday 24th March 2015, 4 pm

Hunterian Museum, Gilbert Scott Building, University of Glasgow,
University Avenue, Glasgow G12 8QQ

What are Scotland's favourite fossils? The Scottish Geodiversity Forum's Fossil Five poll has asked the public to select their favourite fossils from a long list of 16 different fossil groups found in Scotland. Come and find out the poll results, and celebrate Scotland's amazing fossil heritage.

RSVP to Gavin Eardley, secretary@scottishgeodiversityforum.org, by Friday 20th March.

The nominees: The Irish Elk (*Megaloceros*) – Jurassic ammonites – Jurassic dinosaurs of the Isle of Skye – Jurassic oysters (*Gryphaea*) – Triassic reptiles – Bearsden sharks – Fossil trees – Carboniferous shrimps (*Tealliocaris*) – Early tetrapods – Conodont animals from Granton, Edinburgh – Eurypterids – Devonian Fish – Early land plants – Trilobites – Graptolites – Stromatolites
